SCHEDULE.

Rules governing the matter of election by single transferable vote.

Definitions.

I.—In these rules—

- (1) "continuing candidates" mean candidates not elected or not excluded from the poll at any given time;
- (2) "first preference" means the figure 1 set opposite the name of any candidate: "second preference" similarly means the figure 2: "third preference" the figure 3. and so on:
- (3) "unexhausted papers" mean voting papers on which a further preference is recorded for a continuing candidate:
- (4) "exhausted papers" mean voting papers which no further preference is recorded for a continuing candidate, provided that a paper shall also be deemed to be exhausted in any case in which-
 - (a) the names of two or more candidates. whether continuing or not, are marked with the same figure and are next in order of preference, or

- (b) the name of the candidate next in order of preference, whether continuing or not, is marked—
 - (i) by a figure not following consecutively after some other figure on the voting paper, or
- (ii) by two or more figures*;
- (5) "original votes" in regard to any candidate mean the votes derived from voting papers on which a first preference is recorded for such candidate;
- (6) "transferred votes" in regard to any candidate mean votes, the value or part of the value of which is credited to such candidate and which are derived from voting papers on which a second or subsequent preference is recorded for such candidate;

*The fact that a voter has not marked every preference correctly does not invalidate the whole of his preferences. His paper is only treated as exhausted when the wrongly marked preference is reached. The following are examples:—

(1)
$$\begin{cases} A & 1. \\ B & 2. \\ C & 3. \\ D & 3. \\ E & 4. \end{cases}$$
 (2)
$$\begin{cases} A & 1. \\ B & 2. \\ C & 3. \\ D & 5. \\ E & 6. \\ F & \dots \end{cases}$$

In case (1), the preferences for A and B would be valid. If the third preference were reached, the paper would be treated as exhausted, as it would be impossible to say for which candidate the voter really intended to give his third preference. In case (2), the preferences for A, B, and C would be valid, but not the later ones, whether D had been elected or excluded or was still a continuing candidate. It is possible that the voter meant to give a fourth preference for some other candidate, e.g., F, but omitted to do so. It would not be possible to treat 5 as being meant to be 4.

- (7) "surplus" means the number by which the value of the votes of any candidate, original and transferred, exceeds the quota.
- (8) "Attesting Officer" means any of the following persons, viz:—
 - (1) A Gazetted Officer of the Government;
 - (2) A Statutory Officer of the University;
 - (3) A Magistrate;
- (4) Any person holding a Master's degree of any University incorporated by law in British India.

 - (ii) fix dates and, where necessary, places for-
 - (a) the nomination of candidates,

 - (c) the despatch of voting papers,
 - (d) the return of voting papers, and
 - (e) the scrutiny of voting papers:

- (d) the date for the return of the voting papers shall be not later than 21 days from the date of their despatch; and
- (e) the date for the scrutiny of voting papers shall be not later than 3 days (excluding gazetted holidays) from the last date fixed for their return.
- III.—(i) Nomination shall be made by means of a nomination paper in Form A which shall be supplied by the Registrar to any elector asking for the same.
 - (ii) Every nomination paper shall be signed by two electors as proposer and seconder and shall be signed by the candidate as assenting to the nomination.
 - (iii) The same elector may sign as many nomination papers as there are vacancies to be filled.
 - (iv) Each candidate shall be nominated by a separate nomination paper.
- IV.—(i) Every nomination paper shall, on or before the date appointed for the nomination of candidates, be delivered by the proposer in a sealed cover to the Registrar personally or by messenger or by Registered Post. They shall attach to such nomination paper a certificate from an Attesting Officer that they have signed the paper in his presence.
 - (ii) Nomination papers not received by the Registrar during office hours before the aforesaid date, shall be rejected.

- (iii) On the date and time appointed for scrutiny of nomination papers every candidate and his proposer and seconder may attend at the office of the Registrar, who shall allow them to examine the nomination papers of all candidates received by him as aforesaid.
- (iv) The Registrar shall examine the nomination papers and shall decide all objections, if any, to the nomination paper on the ground that it is not valid under rule III and this rule and may reject, either of his own motion or on such objection, any nomination paper on such ground. The decision of the Registrar shall be endorsed on the nomination paper.

(v) If the number of candidates is equal to or less than the number of vacancies, all such candidates shall be declared

elected.

(vi) If the number of candidates exceeds the number of vacancies, voting shall take place in the manner following.

Voting.

- V.—(i) Votes shall be recorded on voting paper which shall be in Form B. An elector shall have one vote only. In giving his vote he—
 - (a) must place on his voting paper the figure 1 in the square opposite the name of the candidate for whom he votes;
 - (b) may, in addition, place on his voting paper the figure 2 or the figures 2 and 3, or 2, 3 and 4, and so on, in the squares opposite the names of other candidates in the order of his preference.

One voting paper in the Form B and two covers in the Forms C and D, hereinafter referred to as covers C and D respectively, shall be forwarded by the Registrar by Registered Post to every elector on or before the date fixed therefor.

- (ii) After recording his vote on the voting paper, the elector shall place it in the cover C and then seal the cover. He shall then place the cover in another cover D, and seal the latter cover. Each voting paper shall bear the signature of the Registrar and each cover D, the name and number of the voter.
- (iii) The elector shall then take the sealed cover D to an Attesting Officer and place his signature at the space provided for the purpose on the cover D, in the presence of the Attesting Officer. The Attesting Officer shall then attest to the identity of the elector by placing his signature, date of signature and designation, at the space provided on the cover for the purpose. The cover shall then be delivered to the Registrar by the elector, personally or by messenger or by Registered Post.
 - (iv) On receipt of voting papers the Registrar shall endorse on the cover the date and hour of receipt and place them in a locked box, provided that any voting paper received after the last date and after office hours shall be sealed up in a separate packet.

VI.—A voting paper shall be invalid—

- (a) on which the figure 1 is not marked; or
- (b) on which the figure 1 is set opposite the name of more than one candidate; or

- (6) on which the figure 1 and some other figure is set opposite the name of the same candidate; or
- (d) which is unmarked or void for uncertainty.
- (e) which is signed by the voter.

VII.—On the date and at the time and place appointed in that behalf, the Registrar shall open the box containing the covers of voting papers. He shall then examine the covers D and shall reject the voting papers which they contain:

- (a) if the cover D is not duly signed by a person authorised to vote at the election;
- (b) if the signature on the cover is not duly attested;
- (c) if the cover D is not duly sealed.

The covers D rejected under this rule shall not be opened. They shall be kept in a separate parcel.

He shall then remove the covers D and place together all covers C.

He shall then open the covers C and scrutinize the voting papers. He shall reject the voting papers which are invalid under Rule VI.

All the proceedings under this rule shall be conducted in the presence of a Committee of three persons appointed by the Vice-Chancellor.

Every elector shall have the right to be present at the proceedings, provided that no disturbance of the proceedings is caused thereby.

The counting of Votes.

VIII.—The Registrar, after rejecting any invalid voting papers, shall divide the remaining papers into parcels according to the first preferences recorded for each candidate. He shall then count the number of papers in each parcel.

- IX.—In carrying out the rules hereinafter contained, the Registrar shall—
 - (a) disregard all fractions;
 - (b) ignore all preferences recorded for candidates already elected or excluded from the poll.
- X.—For the purpose of facilitating the processes prescribed by the rules hereinafter contained, each valid voting paper shall be deemed to be of the value of one hundred.
- XI.—The Registrar shall add together the values of the papers in all parcels and divide the total by a number exceeding by one the number of vacancies to be filled, and the result increased by one shall be the number sufficient to secure the return of a candidate (hereinafter called the quota).
- XII.—If at any time a number of candidates equal to the number of persons to be elected has obtained the quota, such candidates shall be treated as elected, and no further steps shall be taken.
- XIII.—(1) Any candidate the value of whose parcel, on the first preferences being counted, is equal to or greater than the quota, shall be declared elected.
- (2) If the value of the papers in any such parcel is equal to the quota, the papers shall be set aside as finally dealt with.
- (3) If the value of the papers in any such parcel is greater than the quota, the surplus shall be transferred to the continuing candidates indicated on the voting papers as next in the order of the voters' preference, in the manner prescribed in the following rules.

- XIV.—(1) If and whenever as the result of any operation prescribed by these rules a candidate has a surplus, that surplus shall be transferred in accordance with the provisions of this rule.
- (2) If more than one candidate has a surplus, the largest surplus shall be dealt with first and the others in order of magnitude: provided that every surplus arising on the first count of votes shall be dealt with before those arising on the second count, and so on.
- (3) Where two or more surpluses are equal, the Registrar shall decide, as hereinafter provided in Rule XIX, which shall first be dealt with.
- (4) (a) If the surplus of any candidate to be transferred arises from original votes only, the Registrar shall examine all the papers in the parcel belonging to the candidate whose surplus is to be transferred, and divide the unexhausted papers into sub-parcels according to the next preferences recorded therein. He shall also make a separate subparcel of the exhausted papers.
 - (b) He shall ascertain the value of the papers in each sub-parcel and of all the unexhausted papers.
 - (c) If the value of the unexhausted papers is equal to or less than the surplus, he shall transfer all the unexhausted papers at the value at which they were received by the candidate whose surplus is being transferred.
 - (d) If the value of the unexhausted papers is greater than the surplus, he shall transfer the sub-parcels of unexhausted papers, and the value at which each paper shall

be transferred shall be ascertained by dividing the surplus by the total number of unexhausted papers.

- (5) If the surplus of any candidate to be transferred arises from transferred as well as original votes, the Registrar shall re-examine all the papers in the sub-parcel last transferred to the candidate, and divide the unexhausted papers into sub-parcels according to the next preferences recorded thereon. He shall thereupon deal with the sub-parcels in the same manner as is provided in the case of the sub-parcels referred to in clause (4).
- (6) The papers transferred to each candidate shall be added in the form of a sub-parcel to the papers already belonging to such candidate.
- (7) All papers in the parcel or sub-parcel of an elected candidate not transferred under the rule shall be set aside as finally dealt with.
- XV.—(1) If after all surpluses have been transferred, as hereinbefore directed, less than the number of candidates required has been elected, the Registrar shall exclude from the poll the candidate lowest on the poll and shall distribute his unexhausted papers among the continuing candidates according to the next preferences recorded thereon. Any exhausted papers shall be set aside as finally dealt with.
- (2) The papers containing original votes of an excluded candidate shall first be transferred, the transfer value of each paper being one hundred.
- (3) The papers containing transferred votes of an excluded candidate shall then be transferred in the order of the transfers in which and at the value at which he obtained them.

- (4) Each of such transfers shall be deemed to be a separate transfer.
- (5) The process directed by this rule shall be repeated on the successive exclusions one after another of the candidates lowest on the poll until the last vacancy is filled either by the election of a candidate with the quota or as hereinafter provided.
- XVI.—If, as the result of a transfer of papers under these rules, the value of the votes obtained by a candidate is equal to or greater than the quota. the transfer then proceeding shall be completed, but no further papers shall be transferred to him.
- •XVII.—(1) If, after the completion of any transfer under these rules, the value of the votes of any candidate shall be equal to or greater than the quota, he shall be declared elected.
- (2) If the value of the votes of any such candidate shall be equal to the quota, the whole of the papers on which such votes are recorded shall be set aside as finally dealt with.
- (3) If the value of the votes of any such candidate shall be greater than the quota, his surplus shall thereupon be distributed in the manner hereinbefore provided, before the exclusion of any other candidate.
- XVIII.—(1) When the number of continuing candidates is reduced to the number of vacancies remaining unfilled, the continuing candidates shall be declared elected.
- (2) When only one vacancy remains unfilled and the value of the votes of some one continuing candidate exceeds the total value of all the votes of the other continuing candidates, together with any surplus not transferred, that candidate shall be declared elected.

(3) When only one vacancy remains unfilled and there are only two continuing candidates, and those two candidates have each the same value of votes and no surplus remains capable of transfer, one candidate shall be declared excluded under the next succeeding rule, and the other declared elected.

XIX.—If, when there is more than one surplus to distribute, two or more surpluses are equal, or if at any time it becomes necessary to exclude a candidate and two or more candidates have the same value of votes and are lowest on the poll, regard shall be had to the original votes of each candidate, and the candidate for whom fewest original votes are recorded shall have his surplus first distributed, or shall be first excluded, as the case may be. If the values of their original votes are equal, the Registrar shall decide by lot which candidate shall have his surplus distributed or be excluded.

XX.—An election-petition against any returned candidate may be presented to the Vice-Chancellor by any candidate or elector or his agent authorized in that behalf within thirty days from the date of the publication of the result in the Central Provinces Gazette. No. 36.

Leave Rules.

DEFINITIONS.

- 1. "Pay" means the amount drawn monthly by a member of the staff of the University as the pay which has been sanctioned for the post held by him substantively, or to which he is entitled by reason of his position in the cadre and includes special pay.
- 2. "Special pay" means an addition, of the nature of pay, to the emoluments of a post or of a member of the staff granted in consideration of (a) the specially arduous nature of the duties; or (b) a specific addition to the work or responsibility.
- 3. "Average pay" means the average monthly pay carned during the twelve complete months immediately preceding the months in which the event occurs which necessitates the calculation of average pay.

Explanation.—According to the definition of average pay in this rule, the average pay is to be taken of the monthly pay earned during the twelve complete months immediately preceding the month in which the leave is taken, and for this purpose "the twelve complete months immediately preceding" should be interpreted literally. Thus a member of the staff of the University who has been on leave from the 23rd March, 1922, to the 22nd July, 1922, inclusive, is granted leave from the 4th February, 1923. His average pay should be calculated on the pay earned for the periods from 1st February, 1922, to 22nd March, 1922, and 23rd July, 1922, to 31st January, 1923. If, however, a member of the staff of the University happens to be on leave for more than twelve months immediately preceding the

date on which he takes leave under these rules, then the average should be taken of the monthly pay earned during the twelve complete months immediately preceding the month in which the leave originally commenced.

- 4. Duty includes service as a probationer, provided that such service is followed by confirmation.
- 5. "Leave salary" means the monthly amount paid by the University to a person in the service of the University on leave.
- 6. Terms not expressly defined in these rules shall bear the same interpretation as they bear in the Fundamental Rules made under Section 96-B of the Government of India Act by the Secretary of State for India.

EXTENT OF APPLICATION.

7. Rules 1 to 28 and 31 to 38 apply to all members of the staff of the University holding a permanent post substantively or holding a lien on such post, but do not apply to members of the staff who render part-time service or service which is remunerated wholly or partially by the payment of fees. Rules 33 to 38 apply to all the members of the staff, whole-time or part-time:

Provided that leave may be granted to menial servants such as daftaris, peons, etc., only in so far as it can be done without imposing any extra cost to the University. The leave salary of a menial servant granted leave must not exceed what remains from his pay after provision is made for the efficient discharge of his duties during his absence.

Note 1.—The above condition does not apply in the case of leave granted on a medical certificate on account of the enforced absence of the menial servant due to an infectious

disease in his family at his house or for anti-rabic treatment for a period not exceeding three weeks.

NOTE 2.—The rate of leave salary actually received by an absentee by the operation of the proviso should not be taken into account in recording the leave granted to him in his leave account, but the account should be debited with the kind of leave granted.

8. Leave is earned by duty only.

GENERAL CONDITIONS.

- 9. Any leave admissible under these rules may be granted to a member of the staff of the University by the authority whose duty it would be to fill up his post if it were vacant.

Provided that-

- (a) his transfer or assumption of charge does not involve the handling or taking over of securities or of monies other than a permanent advance;
- (b) if it is necessary to make any arrangement for his work during the holidays, it is done without extra expense.

- 13. A member of the staff of the University on leave may not take service or accept any employment without obtaining the previous sanction of the Executive Council. This rule does not apply to casual literary work, or to service as an examiner.
- 14. No member of the staff of the University who has been granted leave on medical certificate may return to duty without first producing a medical certificate of fitness.
- 15. A member of the staff of the University who remains absent after the end of his leave is entitled to no leave salary for the period of such absence, and that period will be debited to his leave account as though it were leave on an average half pay.

- 23. The maximum period of continuous absence from duty on leave granted otherwise than on medical certificate is twenty-eight months.
- 24. When a member of the staff of the University returns from leave which was not due and which was debited against his leave account, no leave will become due to him until the expiration of a fresh period spent on duty sufficient to earn a credit of leave equal to the period of leave which he took before it was due.

- (ii) the leave taken does not exceed one month.
- 26. After continued absence from duty on leave for a period of twenty-eight months, a member of the staff of the University will draw leave salary equal to quarter average pay.
- 27. Leave salary shall be drawn in rupees at Nagpur.

If a person has been permitted to avail himself of a part only of a vacation in any year, the period to be deducted will be the fraction of a month equal to the proportion which the part of the vacation bears to the full period of the vacation.
- (b) When a person combines vacation with leave, the period of vacation shall be reckoned as leave in calculating the maximum amount of leave on average pay which may be included in the particular period of leave granted.
- (c) In cases of urgent necessity, when a member of the staff of the University requires leave and no leave is due to him, the periods in rules 17, 20, and 21, as reduced by clause (b) of this rule, may be increased by one month for every two years of duty in a vacation department.

CHAPTER IX COLLEGES

A. INSTRUCTIONS FOR THE GUIDANCE OF INSPECTORS OF COLLEGES.

- 1. On the occasion of periodical inspection of a college, the Inspectors should prepare a descriptive report, with reference to the previous inspection report and generally on the lines indicated in paragraph 6, for the consideration of the Academic and Executive Councils.
- 2. Object of the Inspection.—The Inspectors should satisfy themselves that the colleges continue to comply with the conditions on which the privilege of affiliation was originally granted, and also with the conditions upon which recognition was granted in different subjects from time to time. There should be no attempt at interference with the work of teachers in their own special subjects; but the Inspectors should ascertain, by enquiry on the spot, generally the quantity and quality of the work done and they may suggest any improvement in the working of the college that may seem needed to promote its efficiency.
- 3. Procedure to be followed.—Before proceeding to the college, the Inspectors should obtain from the Registrar copies of the previous inspection report and also of the annual returns submitted since the last inspection, together with any remarks made or action taken upon them by the Executive Council.

Inspectors are advised upon arrival at a College to make a cursory inspection of the buildings and grounds and of the classes (seeing them at work if possible), the library, laboratories, etc., in order that they may form a general impression of conditions. They should then spend some time in studying the records of the college and familiarizing themselves with the details of its constitution and life. In this part of the inspection, they should be able to call for any information that they may require whether from the Principal, the members of the teaching staff, or the office.

As soon as the Inspectors feel that they have sufficiently familiarized themselves with the conditions of the college as revealed in reports, returns, etc., they should proceed to a closer inspection with particular reference to the points detailed in paragraph 6 and especially those which their scrutiny of the documents submitted to them suggests ought to receive particular attention.

An important part of the inspection should be informal conference with the Principal and with members of the staff. At such conferences, a good deal can be disposed of which need not find its way into the report, or need only be briefly touched upon therein. In the case of private colleges, in some cases it may be a good thing to meet members of the Governing Body of the college.

4. Form of the inspection report.—While no stereotyped form of report should be prescribed, Inspectors should remember that it is their duty to bring as clearly as possible before the Executive Council the conditions in the colleges. They should also remember that the reports on a particular college over a course of years should form a continuous and intelligible series from which a just impression of the life and development of the col-

lege may be obtained. For this reason it will be well that the report should follow as far as possible lines indicated in paragraph 6.

It will not, of course, be necessary at each inspection to repeat the descriptive matter contained in the University Calendar with reference to the college; but specific reference may be made to this and attention should be drawn to any significant changes or developments which have taken place. Since the personnel both of the Board of Inspection and of the Executive Council is liable to considerable alteration every three years, detailed knowledge of the conditions in individual colleges cannot be assumed. So that each report must be designed to give a reasonably full conspectus of the condition of the college.

Inspectors should preface their report with a brief statement of the procedure adopted and of the time occupied by the inspection.

University College of Law, Nagpur.

To provide facilities for a sound training in law and legal principles and to prepare students for the degree of Bachelor in Law, a University College of Law has been established at Nagpur with effect from 1st July, 1925. The University Committee (Central Provinces and Berar) of 1914-15, had in its report characterised the law education as then imparted to be a perfunctory business. Nagpur University was constituted in August, 1923, its authorities found that the branch of our educational system which stood in need of most urgent reform was that concerned with the teaching of law. no improvement having taken place since the University Committee reported against the arrangement in force at the time of its enquiry. After careful consideration, the Faculty of Law and the Academic and Executive Councils, acting combination. came unanimously to the sion that the best way of meeting the Morris College in was to disaffiliate the the Department of Law and to have in place of the law classes attached to it a separate institution under the direct control of the University devoted entirely to the study of law. Accordingly, the present University College of Law was founded. The subjects for the examination have been revised so as to give the students a grounding in the fundamental principles of law. D. INSTITUTIONS ADMITTED TO THE PRIVILEGES OF THE UNIVERSITY.

1. Morris Memorial College, Nagpur.

In March, 1883, Sir John Morris, for nearly fifteen years Chief Commissioner of the Central Provinces. There was a general desire among the retired. Indian community, especially of Nagpur, to commemorate his long connection with the province by associating his name with some institution for the promotion of higher collegiate education, for which no facilities existed at the time within the province. This feeling found expression at a public meeting held at Nagpur on the 4th December, 1882, when it was resolved to raise funds to found an aided College at Nagpur to be called "the Morris Memorial College". A scheme to give effect to this resolution was in due course formulated and submitted to Government. The establishment of the proposed College received the sanction of the Government of India as per Home Department letter No. 170, dated the 5th June, 1884, to the address of the Chief Commissioner.

On receipt of this letter, the Local Government invited the subscribers to the Morris Memorial Fund (Nagpur Branch) to take steps to form and put on a legal basis a Committee of Management of the College. At a meeting held on the 16th of February, 1885, the subscribers resolved to constitute themselves into a registered Society under the provisions of Act, XXI of 1860, to be called "the Morris Memorial College Society of Nagpur" with a governing body or Council of eight members, to be appointed as follows:—

One by the Bar at Nagpur.

One by the District Council of Nagpur.

One by the Municipal Committee of Nagpur.

Two by the subscribers subscribing Rs. 50 and upwards.

Two by the Chief Commissioner of the Central Provinces.

The Inspector of Schools, Southern Circle.

The Society was registered on the 20th March, 1885, and the Governing Council immediately on its formation applied to the Calcutta University for affiliation up to the M.A. standard. This was sanctioned by the Governor-General-in-Council as per Home Department letter No. 142, dated the 2nd January, 1885. The College opened in June, 1885, with a staff consisting of a graduate of a British University as Principal and three Indian graduates, among whom was Dr. Brajendra Nath Seal, for some time Vice-Chancellor of the Mysore University. The College was maintained out of the interest of the money subscribed by the people of the Nagpur and Chhattisgarh Divisions and by grants by the local Government and the Municipality of Nagpur.

On the passing of the Indian Universities Act, 1904, the Central Provinces came under the jurisdiction of the Allahabad University and in 1905, the College became affiliated to it. On the establishment of the Nagpur University in August, 1923, the College severed its connection with the Allahabad University and came under the jurisdiction of the Nagpur University.

With the growth of the College and the expansion of its activities, the funds at the disposal of the Council proved insufficient to maintain it in a state of efficiency. The local Government was moved to help the College and it agreed to do so by placing

at the disposal of the Council educational officers' recruited under contract with the Secretary of State on behalf of the Government. In accordance with this arrangement, in 1906, a member of the Indian Educational Service (Mr. C. E. W. Jones, of Brasenose College, Oxford, who after a long and meritorious service has retired as Director of Public Instruction) was appointed Principal of the College. In the following year, a member of the same service was appointed Professor of English. A third member of the Indian Educational Service was appointed to the staff in 1914. The expenses of these three members of the staff were defrayed by the Local Government. The Government also largely increased its grant-in-aid to raise the pay of the Indian professors. In 1911, it handed over to the College the historic building constructed by the Bhonsla Kings of Nagpur for the Resident at their Court, known as the "Residency", the old building in the City being simultaneously handed over to the Committee of Management of the Neill City High School. The College thus came to be almost wholly financed by the Government and in the circumstances, the Council agreed to its being provincialized with effect from 1st July, 1915, the endowment fund being set free for being utilized for other educational purposes. In 1919 and 1920, two more members of the Îndian Educational Service were appointed as Professors of Philosophy and Economics respectively.

The "Residency" has been converted into a college and provides three large and four small lecture rooms with a hall that accommodates less than half the total number of students, besides college office and common room for staff and students. A well-equipped library, containing at present over 8,369 volumes, which is being appreciably added to every year, occupies a separate building in the grounds. Several newspapers and

periodicals, Indian and foreign, are provided for the use of the staff and students, and placed in the library for reference. In the College compound are also situated a hostel, opened in 1912, capable of accommodating about 100 students, four hostel messes, the Principal's bungalow, built in 1918, the Hostel Superintendent's bungalow, and tennis courts. In 1918, lecture-room accommodation was increased considerably by the acquisition of the "Old Examiner's building" situated about 250 yards from the main College building and now known as "Morris College Annexe".

The College affords excellent opportunities for the academic, social and athletic development of students. The various College societies, viz., Historical, Philosophical, Sanskrit, Persian, Economic, Hindi and English Literary Union, Sharada Mandal (Marathi), Urdu Literary Society, and the Morris College Union, meet periodically throughout the session and are well attended. The playing fields are situated in Dhantoli about a quarter of a mile from the College, and afford opportunities for healthy exercise among the students. Cricket, football, hockey, volley-ball and tennis matches are regularly played.

Scholarships are given every year to successful candidates in the Intermediate and Degree classes from Government and private funds. Four scholarships of Rs. 120 each per session are awarded annually to poor and deserving students of the 1st year class. A fellowship is offered periodically to successful M.A. students. These are given from the Morris Memorial Endowment Fund, which was released from its liability to maintain the College, when it was made a Government institution in 1915.

The College teaches up to the M.A. and B.A. (Hons.) standard in English, Sanskrit, Persian, Marathi, Economics, Philosophy, and History; and

up to the B.A. (Pass) standard in Political' Science and French. The teaching for Mathematics is carried on in the College of Science, which is close to Morris College.

The tuition fees for all classes are Rs. 102 per annum.

2. Hislop College, Nagpur.

The College originated in the work of the Revd. Stephen Hislon, the first missionary of the Free Church of Scotland to Nagpur. He came to India in 1845 and was drowned in the Bori river in 1863. He was an eminent geologist and the results of his researches into the geological history of the Central Provinces are contained in a paper written by him available. The fossils collected by which is still him have been preserved in the Nagpur Museum and in the Royal Geological Society, London. Besides other forms of missionary work, he started a school which was situated on the Jumma tank on the site where the present College hostel stands. In 1865. the Free Church Institution was erected on the same site. It was not till 1884 that the Institution was raised to the status of a college and affiliated to Calcutta University. In 1885, it sent up its first contingent of students, 3 in number, for the B.A. exami-In 1890 the present building was erected for the reason that the foundations of the former building were pronounced insecure. On the old site a hostel to accommodate 45 students was built. Next to it stands the bungalow of the Superintendent of the hostel. The present buildings consist of two large blocks, each of two storeys joined by two wings and having an open quadrangle within. On all sides of the college building except on the north-east there is considerable open space.

In 1905, the College was affiliated to Allahabad University. It teaches up to the M.A. standard. The College fees are Rs. 102 per annum.

3. The College of Science, Nagpur.

When the Empress Victoria died in January, 1901. a desire sprang up all over the country to raise memorials of her long reign. In Nagpur, it was decided at a public meeting held on the 6th of March. 1901, that the subscriptions to be raised should be devoted partly to a personal memorial and partly to the founding of an institution of public utility. formulate a scheme which was to give effect to the second branch of the memorial, a Society was formed under the name "The Central Provinces Victoria Technical Institute" which was registered under Act XXI of 1860. The governing body of this Society. acting in collaboration with the Morris Memorial College Council and the Senatus of the Hislop-College, decided that a building should be constructed for the location of the Institute which should include accommodation for the teaching of Chemistry and Physics and the allied Sciences to the B.Sc. students of the two colleges. To this end, the governing body of the Institute paid Rs. 75,000 from its funds to the Local Government. This was half the cost of a combined building for a Scientific Library. the Agricultural College, and lecture rooms and laboratories for imparting instruction in Chemistry and Physics, both theoretical and practical, to the students of the two colleges. The building was opened on the 6th October, 1906. Public opinion. however, began to demand increased facilities for education in Science and in 1908, the classes held in the Institute Building were raised to the status of a separate college known as the Victoria College of Science, which was affiliated up to the D.Sc. standard of the Allahabad University in 1909.

The connection of the College with the University of Allahabad ceased on the coming into force of Nagpur University Act, on the 4th of August, 1923,

and it is now a College admitted to the privileges of Nagpur University.

The rooms placed at the disposal of the College in the Victoria Technical Institute were badly designed for a scientific institution, and when the demand for more accommodation rose precipitously between 1922 and 1926 it was decided to erect new buildings on a site near the Convocation Hall of the University. The foundation stone of the new building was laid by His Excellency the Viceroy, Lord Irwin, on the 24th July, 1926. The new College was formally opened by His Excellency Sir Montagu Butler, Governor of the Central Provinces and Berar, on July 15th, 1929.

The College is now housed in a handsome and commodious building of its own, and the triangular connection with the Morris and Hislop Colleges has been severed. It is maintained and equipped by the Local Government. Accommodation is provided in the lecture theatres and laboratories for about 400 students. A hostel has been built in the same compound with one of the members of the College Staff Superintendent. This provides accommodation for about 100 students. The tuition fees for all classes are Rs. 114 per annum together with a laboratory fee of Rs. 24 per annum for an undergraduate, and Rs. 48 per annum for an M.Sc. or B.Sc. (Hons.) student. The sons and daughters of agriculturists are given concession rates. The Hostel fees are Rs. 4 per mensem for a single-seated room and Rs. 2-4-0 per mensem for a three-seated room.

A playing field and gymnasium are provided for the use of the students.

Instruction is provided in Physics and Chemistry, up to the D.Sc. standard; in Mathematics, Botany and Zoology, up to the M.Sc. standard; and in English up to the B.Sc., standard.

4. Robertson College, Jubbulpore.

The oldest collegiate institution in the Central Provinces is the present Robertson College at Jubbulpore. Its origin is to be traced to a Government High School founded as far back as 1836 at Saugor, the seat of Government of a dynasty known to History as the "Mahratta Pandits" of Saugor. Two collegiate classes teaching up to the First Arts standard, as it then was, of the Calcutta University, were added to it in 1860. In 1873, it was taken to Jubbulpore. In 1883, when a movement was set on foot to found a fully equipped College as a memorial to Sir John Morris, for long Chief Commissioner of these Provinces, the people of the Jubbulpore and Nerbudda Division decided to devote their subscriptions to the formation of an endowment fund to raise the status of the Collegiate High School at Jubbulpore to that of a College. With this end they handed over their money to the Government and it agreed to convert the Jubbulpore High School into a fully equipped College. It was affiliated to the Calcutta University, which had jurisdiction over the Province at the time, up to the B.A. standard in 1885. The College was affiliated to the Allahabad University up to B.A. standard in 1891 and B.Sc. and LL.B. standards, in 1896. (The Law class was subsequently abolished.)

In 1908 it was suggested that the question of a more suitable building site for the Jubbulpore College should be considered, and it was recommeded that the amount of Rs. 85,400 held in the trust on account of the Morris College Endowment Fund, Jubbulpore, should be applied towards the construction of a new building for the College. This recommendation was accepted by the Chief Commissioner, and it was decided that about Rs. 75,000 out of the Endowment Fund of Rs. 85,400 should be utilized in part payment of the cost of the new Arts College building, and the balance be employed in establishing a "Morris Scholarship" to indicate the connection of Sir John Morris with the College.

The Hon'ble Sir Benjamin Robertson, the Chief Commissioner of the Central Provinces, inaugurated a new era in the history of the higher education of the Central Provinces, when he declared open, on October 14th, 1916, the new buildings of what was formerly the Government College, Jubbulpore, under the name of the Robertson College. The new buildings are situated four miles to the east of the city of Jubbulpore on the Kundom road. The grounds include nearly 200 acres overlooking a fine lake. The main College building consists of a fully equipped hall, lecture rooms, offices, common rooms for staff and students and a well-equipped library on the ground-floor; and on the upper floor, of boarding accommodation for 150 students. At a short distance from the main building there is a block containing bathing-rooms, kitchens, store-rooms and diningrooms for these students. The servants' quarters are near this block. For the teaching of Science there is a handsome building consisting of lecture rooms and laboratories for Physics and Chemistry,

all fully fitted with up-to-date equipment. On the opposite side of the main road stand the houses of the Principal, and the teaching and clerical staff, and also a fully equipped hospital and dispensary with residence for the Medical Officer and his dispenser. There is also a detached hostel for 54 students in front of the hospital. There are tennis Courts and football, hockey and cricket grounds for the physical exercises of the students.

Four prizes are annually awarded—two by the Ghantaya Trust Fund Committee, one by the K. C. Datta Memorial Fund and one by the Trimbak Vasudeo Apte Prize Fund. Two medals are also given annually-one the Devanath Datta Gold Medal to the candidate from the College who is most successful in the B.Sc. examination, and the other the Chandra Kumar Chatterii Silver Medal to whoever is considered to be the best student all round, mentally and morally. In addition to this, a Scholarship of the value of Rs. 5-4-0 p.m. called the "Jal Dinshaw Scholarship" is awarded every year to a student who gets the highest number of marks in English in the Intermediate Examination and continues his further study in this College. Two prizes called the "Dole Memorial Competition Prizes"; are being awarded to the students of the I.Sc. and B.Sc. classes by the College Scientific Society each year.

The College contributes one Company to the Nagpur Battalion of the U.T.C.

5. Spence Training College, Jubbulpore.

The College is a Government institution, established for the purpose of training teachers for the Central Provinces and Berar. It was first opened in 1890, when a small class of graduate and undergraduate teachers was formed at Nagpur for instruction in the Theory of Education and Mr. Spence was appointed Superintendent of the Training Institution (the old name for the College). In 1902, the Institution was transferred to Jubbulpore and soon after, a Model School was started to serve as a practising ground for teachers under training. The course was also lengthened and the staff strengthened. In 1911, the old Training Institution was converted into a Training College with a staff of a Principal and four professors, for both Collegiate and Secondary Grade work and a new building constructed for it. In 1920, the staff was further strengthened and the building extended. The professorial staff for the Collegiate (i.e., the Graduates' Department) was separated from the Lecturing staff for the Secondary or Under-graduates' Department. When Mr. Spence retired in 1922, the College was called after him, in view of his long and meritorious work in the College ever since its foundation.

The College at present is divided into two departments, the (Iraduates' and Under-graduates'. The former prepares students for the B.T. Degree of the Nagpur University, while the latter prepares them for the Diploma in Teaching of the University.

The Graduates' Department has a staff of professors and the Under-graduates' Department, a staff consisting of a Superintendent and eight lecturers.

The professors and the lecturer in Physical Education have duties in both departments.

The Model High School as well as some of the recognised Schools in the City serve as the practising ground for teachers under training.

About twenty-five stipends of the value Rs. 25 each are awarded each year to B.T. class students and 50 stipends of the value of Rs. 20 each to under-graduates. A few non-stipendiary students are also admitted to the B.T. and the Dip. T. classes every year.

The hostel attached to the College has accommodation for 120 boarders and provision has been made for five messes. There is also a hostel in the College compound for female students. Provision has been made for cricket, football, hockey, tennis, volleyball and other games in the College grounds.

6. King Edward College, Amraoti.

King Edward College, Amraoti, owes its origin to the desire of public-spirited citizens of Berar to perpetuate the memory of His Majesty King Edward VII. The College is a Government institution. The foundation stone was laid early in 1919 by the Chief Commissioner, Sir Benjamin Robertson, K.C.S.I., K.C.M.G., and the College was formally opened by His Excellency Sir Frank Sly, K.C.S.I., Governor of the Central Provinces, on the 27th July, 1923.

King Edward College is conveniently situated to the north-west of Amraoti, on a large open tract of ground about two miles from the city and about the same distance from Amraoti Camp. Class-room accommodation has been provided for 300 students and hostel accommodation for 150 boarders; when the College is complete, there will be hostel accommodation for 300 students. The College possesses its own water-supply and conservancy arrangements, hospital, dispensary and spacious playing fields and grounds, with bungalows and quarters for the Principal and the whole of the professorial, medical, electric, clerical and menial staffs. Its buildings and internal arrangements bear comparison with those of any College in India.

The College was admitted to the privileges of Nagpur University as soon as the University came into being in August, 1923, in all subjects, except Arabic, up to the B.A. standard in Arts, and in Physics and Chemistry up to the Intermediate standard.

The College is richly endowed with scholarships from the King Edward Memorial Fund (Berar) and from funds provided by two well-known citizens of Amraoti, the late Rai Bahadur Ganeshdas Kundanmal and the late Ramkrishna Govind Mote.

The rules governing the award of the King Edward Memorial Scholarships provide for twelve scholarships for Berar students at King Edward College, two fellowships for post-graduate Berar students and 'one post-graduate scholarship for Berar students for study outside of India.

Under the Seth Thakurdas Scholarship Fund, provision is made for four scholarships of Rs. 20 per mensem for students at King Edward College. These scholarships are reserved for Marwari students. They are tenable in the first instance for two years, but are renewable at the discretion of the administrators of the fund.

The Ramkrishna Govind Mote endowment consists of Rs. 4,000 which were handed over to Nagpur University to found a scholarship "of such amount and payable in such manner as may from time to time be determined by the Academic Council" of the University. "The scholarship is to be awarded every alternate year to a Berar student who appears at the Intermediate examination in Science of the Nagpur University from the King Edward College, Amraoti, or, when there is no Science course taught in that College, from any college in the Central Provinces, and who stands first among the successful Berar students from the College." The scholarship is to be tenable for two years in a college affiliated to Nagpur University.

7. The College of Agriculture, Nagpur.

The first step towards the provision of Agricultural education in these provinces took place in 1888 with the formation of an agricultural class, giving

a two-years' course of education at the Government farm, Nagpur.

This class represents the foundation of the present College. With the general impetus given to scientific agriculture in 1903-04 and the formation of the departments of agriculture, as we now find them in India, the need for a higher standard of agricultural education in the country was evident.

With the completion of the Victoria Technical Institute in 1906, the old agricultural class passed away and was replaced by the Agricultural College, occupying the north-wing of the above and providing a three-year course of training. In the early stages, 1906-14, both the class-rooms and the laboratories were in the Institute; but it was obvious at an early stage that the building was unsuited to the latter.

In the course of the next few years, a separate Agricultural Research Institute which included the student laboratories, was erected on an area adjoining the Victoria Technical Institute. This was opened for use in 1915.

The course given at the College at its inception in 1906 was a three-year one, founded on the outlines framed by the Board of Agriculture for the Indian colleges, then opening. various entrance standard was University Matriculation or the College Entrance examination. The College conferred a Diploma in Agriculture on successful Experience showed the course to be technically defective in some respects and to be too short for the full absorption of a wide syllabus by men of only a matriculation pass standard. In 1916, the course was changed to one of practically four years' length with a marked efficiency bar, at the end of the second year, when its Part I Final or Certificate examination took place, requiring a first division pass for promotion to the Second or Diploma part

of the course. Defects in working and the probability of later affiliation with a University led in 1920 to the division of this course into two:—

(1) A Certificate course of two years' duration with a College Entrance Examination as qualification for admission. (2) The Diploma course of virtually four years with University Matriculation as entrance qualification.

The Diploma classes of the College were admitted to the privileges of the University on the 29th July, 1925, by a resolution of the Executive Council in that behalf, which received the sanction of the local Government. The University holds two examinations: the first, an Intermediate examination in Agriculture and the second, an examination for the Degree of Bachelor of Agriculture. The first Intermediate examination was held in March, 1927, and the first degree examination in March, 1929. With effect from February, 1935 provision has been made for post-graduate research leading to a Master's Degree in Agriculture.

The College is situated in the Maharaj Bagh, within close range of the Government farm, the Veterinary Hospital and the Agricultural Research Institute. The hostel, erected in 1906 and enlarged subsequently, is situated some 50 yards west of the Institute and is capable of holding about 135 students. The College is strictly residential and even those who have their homes in Nagpur must reside in the hostel. The College is provided with playing fields, a gymnasium, and tennis courts.

'A certain number of Government' scholarships and freeships may, at the discretion of the local Government, be provided for students who are residents of the Central Provinces and Berar.

The Society of Agriculture and Industries provides two scholarships of a monthly value of Rs. 10 each which, when vacant, may be awarded to students of any year whose work, character and financial circumstances render them eligible to receive them.

In recent years, two additional temporary scholarships of the same value have been provided by the Society.

Two stipends of Rs. 10 per mensem have been provided from the Frazer Scholarship Trust Fund for the benefit of students of the cultivating easte from the Makrai State or from the Hoshangabad district. Of these, one is tenable in the junior or Intermediate stage, and the other in the senior or B.Ag. stage.

All scholarships are allotted some time after the commencement of the session.

All Government scholarships are provided on the understanding that the holders, on completion of their course, will agree to accept employment in the Central Provinces Department of Agriculture, if required by the department.

The College has five funded medals or prizes, in addition to those awarded annually by Government and the University.

- (1) The Kalidas Chowdhary Medal awarded in Practical Agriculture.
- (2) The Smythics Medal awarded in Agricultural Chemistry.
- (3) The Kedarnath Rai Silver Medal awarded in Agricultural Engineering.
- (4) The Napier Practical Agriculture Prize offered for the best thesis submitted for the Degree of Bachelor of Agriculture.

(5) The Coronation Commemoration awarded to the most outstanding student of the year in respect of studies, games, and social activities.

8. City College Nagpur †

The necessity of a third Arts College in Nagpur increased every year during the decade preceding the establishment of this College. There was a gradual advance in the secondary education of the Province, High Schools multiplied and there was a considerable increase in the number of students appearing at and passing the High School Certificate or an equivalent examination. But the number of Colleges in the city as well as in the Province, and also the accommodation provided therein, remained Consequently, a large number of students had to migrate to other Provinces which involved a large expense on the part of their parents and guardians. Moreover, unlike other parts of India, this Province was lacking in a private College, under indigenous management. In these circumstances, the Cultural Education Society, Nagpur saw a unique opportunity of public service, and in the absence of any rich man or institution coming forward to fulfil this general want, the Society decided to assume responsibility for the work. The College was thus started on the 17th July, 1930, and Mr. J. M. Kayande became the first patron having donated 1,001 to the College, other members of working professors. The the Society as College was first named Nagpur College, and met in the building of the Kayande High School on the bank of the Sukrawari Tank, near the Tilak Statue. Subsequently, a Governing Body of the College was formed with Mr. Bhawani Shankar Nivogi, as the Chairman.

^{*}Members of the staff of the College of Science, Nagpur. The maximum number of admissions to the college sanctioned by the University is 300.

The total strength of the College during the first session was 14: 3 in the senior B.A. class; 3 in the senior Intermediate class; and 8 in the Junior Intermediate class. The expenditure incurred during this session was, however, too heavy for the Society to bear. So, with a view to better stability and prestige of the College, the Society requested the Neill City High School Committee to co-operate with it in running the College and the latter very nobly consented. The College was then shifted to the building of the Neill City High School and met both morning and evening.

The University admitted the College to its privileges provisionally for 5 years with effect from the 1st July, 1932. The name of the College, namely, Nagpur College, being the same as that of the University, was considered against academic traditions, and was therefore changed to City College. In compliance with one of the conditions laid down by the University, a mixed meeting of the Neill City High School Committee and some members of the Cultural Education Society constituted, on 24th February, 1932 a Governing Body, which shall manage the College as well as the Neill City High School. The Governing body was registered under Act, XXI of 1880, in April, 1932. The present Governing Body, which is called the Nagpur Shikshana Mandal, consists of the following members:-

PRESIDENT.

- 1. R. B. M. B. Kinkhede, B.A., B.L., Advocate. VICE-PRESIDENT.
- 2. Mr. M. Bhawani Shankar Niyogi, M.A., LL.M., A.J.C., Vice-Chancellor.

SECRETARY.

3. Mr. A. V. Wazalwar, B.A., LL.M., Advocate.

- 15. Mr. S. L. Pandharipande, M.A., Principal, City College. ex-officio.

When the College re-opened on the 15th July, 1932, for the session 1932-33, it met in the building of the Neill City High School Hostel. The maximum number of admissions, viz., 125, permitted by the University, was soon raised to 200, in view of the accommodation provided by the new building now occupied; the number has since been further raised to 300.

The College Library consists of about 5000 books on various subjects, arranged and classified according to the Dewey Decimal System. The College is specially indebted to the late Prof. Bhate, and the Aryottejak Samaj, whose libraries, containing about 700 books each, have been respectively presented and

loaned to the College. The system of "library classes", newly introduced in the College, ensures that the library is used by the students to the fullest extent. This year the College has provided a separate and spacious Reading Room and also a Common Room for students. The College subscribes for several foreign and Indian magazines and newspapers. It has also made an arrangement on a small scale for the midday tiffin of students. A small room has also been provided for a College museum.

A fairly large building, near the College, has been rented for the College Hostel which accommodates about 30 students. The rent charged per boarder is Rs. 27 per session.

The College has two play grounds: a hockey ground, at the foot of the Sitabuldi Fort, and a Foot-ball ground, near Reshimbag. The former is convenient for students of the College residing in Sitabuldi and the latter, for students residing in the city. The College has made a provision for Cricket this year. Students are encouraged to take part in these games and are offered all facilities.

The College now meets from 10-45 a.m. to 4-5 p.m. the periods being of 45 minutes each. The College is recognised for instruction in English, Marathi, Sanskrit, Economics, History, Mathematics, Politics and Philosophy up to the B.A. Pass standard, and in Civics, Logic and Marathi and Hindi Composition up to the Intermediate (Arts) standard.

The College charges Rs. 102 as tuition fee for a session, Rs. 3 and 4 as admission fee for the Intermediate and B.A. classes, respectively, and Rs. 10 as Fee for Amalgamated Fund, for games, Library, Social Gathering and other students' activities.

The immediate requirements of the College are a good building for the College, another building for its Hostel, and additions to the College library. During the last summer vacation the college has been able to build a small pavilion for sports on the new plot of land it got on 30 years' lease from the Nagour Municipality and is now trying to lay out its playing grounds on the same plot. It hopes to begin the construction of its building within the next two years. STAFF.

11. The Central College for Women, Nagpur.

The need for a College for Women being felt, a few ladies and gentlemen of Nagpur formed themselves into a Committee and started a small private The foundation members were Mrs. Institution. Tambe, Mrs. Cama & Mr. Y. M. Pathak. The College of Arts for Women was formally opened on 11th July, 1932, by Mr. M. B. Niyogi, Vice-Chancellor of Nagpur University. A larger Committee was formed with Rao Bahadur M. B. Kinkhede as President, Mr. Y. M. Pathak as Secretary and Mrs. Tambe as Prinicipal of the College. As there was no other suitable Hostel for women attending men's colleges in Nagpur, the institution allowed such students to reside here.

The Governing Committee then formally registered itself as the Women's Education Society. The

Institution worked under great financial difficulties as it had only small funds and no endowments. Some money was collected by a variety entertainment under the kind patronage of His Excellency the Governor of Central Provinces and Berar and Lady Gowan. It was possible to maintain the College, because most members of the staff, the majority of whom were local gentlemen, gave their services honorary. In 1933 and 1934 the Government gave a grant towards the Hostel.

Though the numbers were small, the results in the University Examinations were satisfactory. In 1934, a student of this College won "The Radhabai Pownaskar's Medal' for standing first among all the women candidates in the Intermediate Examination of the University.

In October 1934 it was decided to have full-time qualified lady professors and re-organize the College and apply for a Government Grant and affiliation to the University. Early in 1935, a new Governing Body was formed with Lady Gowan as its President.

The Women's Education Society was legally dissolved and its personnel was practically merged in the new Governing Body. The whole residential Institution was taken over by this new Body in March 1935, and it was decided to call it 'The Central College for Women'. Formal recognition of being affiliated to the University of Nagpur was given by the University Communication No. 4749 dated 5th September, 1935, when "the Central College for Women was admitted to the privileges of the Nagpur University for a period of five years with effect from 1st July, 1935."

The College began work as an affiliated Institution since July 1935. It has been given financial support by the Trustees of the late Sir Dorabji Tata in Bombay. The Hostel receives a grant from Government. His Excellency the Governor of Central Provinces and Berar has given financial help and Lady Gowan has donated books to the new Library. Mr. Bhulabhai Desai has given a donation which has also been utilized for the Library.

The College is now temporarily situated in the Civil Lines. There are large grounds suitable for sports.

Students attending other colleges in Nagpur are allowed to stay in and enjoy the full benefits of the Resident Hostel. They are given tutorial help in their academic work also when such help is sought.

The College aims to provide education in its fullest sense and is therefore Residential. There is a Library which provides books for reference and general reading. This is also open to all the residents. The Principal and four lady Professors reside on the premises. The Institution provides instruction in the following subjects:—

Intermediate Examination:-

English, Sanskrit, Logic, Economics, Civics, History, Hindi, Marathi, and Music. (Geography, Urdu, Persian and Music will also be shortly added).

B. A. Examination :-

English, History, Marathi, Philosophy, Economics, Political Science.

Provision is also being made to give instructions in Book-keeping, Typewriting, and in the "Feminine" group of subjects, which are not yet in the ordinary University Curriculum.

The tution-fees for each year are Rs. 102.

The Residence fees for each month are Rs. 20.
